

## **How do I verify if an operation is certified organic if I know the certifying agent?**

To verify that an operation is certified to NOP regulations, you may go to <http://www.ams.usda.gov/nop> and click on 'Certifiers' under the 'I Want Information On' tab. Then click on 'USDA Accredited Certifying Agents,' and under 'Domestic' or 'Foreign' select the location of the certifying agent and click 'Go.' You can either contact the company directly, or click on the 'List of Certified Operations (PDF)' under the date of accreditation and search for the operation in the attached PDF document.
